Dear Mr. Nwosu,

It is my pleasure on behalf of the faculty and staff of Phoenix College to congratulate you for your academic achievements. Your grades as reflected in the final grade reports for the Fall semester of 2014 earned you a place on the President's Honor List. In addition, congratulations for becoming a member of Phi Theta Kappa.

This accomplishment is a notable accomplishment. Only a very small group of students achieves this honor each semester; consequently, it is an achievement of which you should be justly proud.

This effort and study needed to achieve this honor is known to you alone; it is possible that it was a relatively easy task for you, or it may have demanded of you extreme effort and difficult sacrifices. Whatever the difficulties, you should be commended for your desire to extend yourself beyond doing only that which is necessary. Greater opportunities are ahead: first, to continue to seek after high goals, and second, to put to use that which you have learned.

Again, may I offer my sincere congratulations and wish you the best of success as you pursue those goals which you have set for yourself. We are honored that you are an outstanding student at Phoenix College.

Sincerely,

Anna Solley, Ed.D.
President
