To Whom It May Concern:

It has been my pleasure to have Seth Nwosu extern in my office this summer. Seth has a very good work ethic and a commitment to learning and practicing the law. He was open to new experiences and had good insight into his observations of the courtroom and legal issues. After any proceeding, he took the initiative to ask questions and offer his views.

Seth expanded his summer experience by attending the "brown bag" lunch presentations and other networking events.

If I can offer any further insight, please call me at (602) 372-3091.

Thank you,

Jo Lynn Gentry-Lewis
